Misleading Cover.....

By Derrick Mays

I can assure you that this book will not teach you to shrink a boat and place it within glass. It will also not teach you how to be a one eyed pirate either. Now if you happen to hire a one eyed pirate who has a sexual harassment case which entails a glass boat and a mini boat.....then you will be fully prepared to deal with this situation after reviewing the contents of this book.

Item mostly as described. It was a little rough looking when I received it, pages were trying to separate from the spine of the book, but it still had all pages present and done the job it was supposed to do.

Good overview of the subject.

By Lucy J. Malsom

This is the text we're currently using and it's one of the better text books that I've had to buy. It's well organized and pretty easy to understand. I've only noticed one or two spots where his writing becomes a tad superficial or biased, better than some of the other textbooks I've had to buy. I'd say it's a pretty good overview of the subject.
