The Rage launch the ultimate assault on the Human Sphere. Their greatest weapons are the most fearsome creatures in the galaxy—the Xenomorphs.

Having fled centuries before, the Rage return to take revenge and claim the planet for their own. Now, through a deal struck with the unlikeliest of allies, the human race may rely on the Predators to ensure mankind's ultimate freedom. Yet even the combined might of the two races may not be enough. The fate of the Earth may rest with a single android—Liliya of the Rage.

It was a fun read. I hope Tim Lebbon writes more of these books.

“It’s like...fighting ants with nukes.”

By Thwip!

“I can tell you some,” he said finally. “Enough to illuminate. Enough to serve your purpose – and our purpose – in fighting the Rage. But the Drukathi have a history deeper, and older than anything you comprehend. Their history with the Yautja is...long. To us, your human lives are a fleeting thing. You are whispers in the dark, hardly heard. I can hear your heart right now...bang, bang, bang, rushing toward your end. As if eager. To the Drukathi, Yautja lives seem the same.”

\* Predator Elder Kalakta – Gamma Quadrant, December 2692 AD

Personally, impatience drove me to the local B&N for my copy of this third & final installment of the Rage War trilogy. So just to be clear, this is book three and if you are checking out this listing then I feel justified in assuming that you have already consumed books one & two. If you haven't, you may want to stop reading further as it will definitely spoil the experience. To start, the book offers a couple helpful pages refreshing us on what took place during "Incursion" & "Invasion".

Then it jumps immediately back into the soup at Space Station Hell with General Alexander's unrelenting search for the runaway android Liliya. A very interesting alien wrinkle\*\* is added to the narrative through the scientific research of Isa "Yautja Woman" Palant & a new Predator. General Basset braces for war at Charon Station while the treacherous "Thirteen" over at Weyland-Yutani argue necessary solutions vs. desired profit margins. Elder Kalakta is still overseeing events from the Predator's point of view, leaving you wondering what additional motives lie behind this cooperation. And finally, the armada of former Founder Beatrice Maloney has arrived in the Human Sphere to begin its all-out holocaust of the human race.

\*\* See *Alien: Seas of Sorrows* by James A. Moore

This past summer I really enjoyed this Tim Lebbon trilogy. So many Alien franchise offerings regurgitate the same formula, and even though this trilogy has that nefarious shadow of Weyland-Yutani, at least one sleazy corporate representative, some voices of reason & more than enough cannon fodder – this author also bravely breaks new ground allowing cause & effect to create some pretty definitive end results. The only problem with a good book is the experience goes by too fast, then we are left adrift in the vast reaches of literature, waiting for the next worthwhile fix. But I think it's safe to say, if you were entertained by the first two releases you will not be disappointed, nor left unfazed, by this final installment.

Next up – *The Alien vs. Predator Omnibus* (reprinting *Prey*, *Hunter's Planet* & *War*) due out on November 29, 2016 and *Aliens: Bug Hunt*, a collection of brand new short stories scheduled to be released April 18, 2017.
