Order straight from Cengage

By Rob Rhyne

Wish I could give it no stars! Do not rent this book via an E version. You will not receive the digital or printed access code. Nor can you buy a supplement. When amazon says it may or may not come with the access, it does not. Spent \$50 dollars and now will have to spend \$75 for another book to see the videos, study guides and practice tests. Go straight to cengage to purchase. Not a happy experience for a college student!

Cengage Access Code not included in Kindle version

By Taneka Wolfe-Searcy

The quality of the Kindle version was very good. However, the Kindle version does not give you include the access code that may be a part of your course requirement.

Well written textbook

By Anna

I ordered this textbook because it was required for an online class. It is one of the most interesting textbooks I've read though. It has lots of direct quotes and interesting facts. In my opinion reads kind of like a newspaper. I honestly don't like the idea of online teachers just assigning a chapter to read, but this book is exceptional as textbooks go. I also like the online resources that come with it. The chapter quizzes have been especially helpful.
