CHRISTMAS CARAMEL MURDER (A HANNAH SWENSEN MYSTERY) BY JOANNE FLUKE PDF

Christmas normally descends on Lake Eden, Minnesota, as gently as reindeer alighting on a rooftop—but this yuletide season the only thing coming down Hannah Swensen’s chimney is a case of murder . . .

The holidays have arrived, and Hannah and her good pal Lisa have agreed to provide all the goodies for the town’s annual production of A Christmas Carol. But before anyone can say “Bah, humbug!” a Santa-sized sackful of trouble ensues. Like the fact that Lisa’s husband will be playing Mr. Claus to his ex-girlfriend Phyllis Bates’ Mrs. Claus. Or that before the curtains even go up Phyllis is found dead in the snow—wearing a costume that the real Mrs. Claus would put on the naughty list. Soon after the suspects pile up faster than snowdrifts in a blizzard, while a merry murderer remains on the loose. With clues even harder to find, it might take a visit from ghosts of Christmas past to wrap up this mystery in time for the holidays . . .

Includes a Dozen Holiday Recipes from The Cookie Jar!

Disappointing but still cozy

By Sarah J. Carlin

This is a quick read in the Hannah Swenson series. It follows the typical cozy mystery formula- a woman finds a dead body and takes it upon herself to discover the murderer because either she or a friend is a suspect. Though formulaic, I do enjoy the cozy mystery genre and Fluke's books. The recipes are an excellent bonus and all of these recipes were really yummy sounding sweets.

Hannah stumbles upon yet another dead body, this time in a ditch. Hannah's best friend/co-baker Lisa had a

beef with this particular woman, and Lisa's husband is also considered a suspect. Hannah does her usual poking around and uses the rumor mill plus tips from her father's ghost to solve the mystery.

I was disappointed in this particular offering. I was able to guess who the murderer was pretty early on in the story. As with some of Fluke's other books, there is a lot of filler dialogue that doesn't relate to the story and feels a bit tedious to get through. I was also hoping for something with a bit more of a Christmas-y feel, but this book ends before anything festive begins and doesn't really wrap up the side story of the Christmas play. I would recommend this only for Hannah Swenson's diehard fans.

Short and sweet installment in the Hannah Swensen series

By CJ-MO

It's time for Oktoberfest at the Lake Eden Inn, but Hannah is already thinking about Christmas. She tells Ross Barton a story about a murder the previous Christmas and the part her Christmas caramel candy played. Hannah's friend and partner Lisa is not happy when her beloved husband Herb's ex-girlfriend plays the part of a sexy Mrs. Claus to Herb's Santa. When the troublemaking Phyllis is found dead with Herb's lunch bag full of caramels, both Herb and Lisa become two of the prime suspects. Now Hannah has to take time out from baking to find the real murderer and prove her friends are innocent.

I've read all of the books in this series and this installment was a quick, easy read. It's shorter than most of the books in the series, but is still a fun read. The way the book is told would allow readers new to the series could also enjoy the story. People who have watched the Hallmark movies, but haven't read the books, will notice some differences, but should enjoy reading the books on which the movies are based. Fans of the books who don't like the direction the author has taken with Hannah's love life will be pleased with the way the book is written. The prologue and the epilogue take place in the present, but the rest of the book with the actual murder investigation take place a year ago, and Hannah does her sleuthing with Mike and Norman.

As expected with Joanne Fluke's cozy mysteries, the book includes twelve holiday recipes. Many are beyond my cooking skills, but the recipe for Red Raspberry Muffins and the Grilled Ham and Double Cheese Sandwiches sound delicious and like something I could successfully make.

I enjoyed the book more than the last couple Hannah Swensen books and think it is a short, but solid installment in the series.

Not Her Best

By Susan Johnson

There is one thing about cozy mysteries. You have to suspend your believability.. How many times in a small Minnesota town can a cookie store owner find dead bodies? This goes for knitters, librarians, interior decorators and real estate agents too. You have to just go with the flow. I also find it questionable that a cookie store owner could make enough to support her business, herself and a partner. Still you're not reading this for great literature but for the cookie recipes.

The recipes take me back to my mother who was a master cookie maker. It made me sad she isn't around to share the recipes with. It also uses ingredients I haven't used in a long time like Karo syrup, molasses, sweetened condensed milk, etc. It harkens back to cooking from the 50's and 60's and is quite tasty. It's comfort food for me.

The plot is negligible. Hannah finds yet another dead body. She investigates and finds the killer. She is still having romances with both Mike, the Sheriff's Deputy, and Norman, the faithful dentist. Norman is remodeling his house to put in a huge movie screen so he and Hannah can watch old movies together. I found this rather creepy. Who does this?

It's a short book, 206 pages, and about a quarter of them are recipes. I read it in one day. It wasn't my favorite Hannah Swenson book.
