DEPARTMENT OF TEMPORAL INVESTIGATIONS: THE COLLECTORS (STAR TREK: DEEP SPACE NINE) BY CHRISTOPHER L. BENNETT PDF

An all-new Star Trek e-novella featuring the Department of Temporal Investigations!

The dedicated agents of the Federation Department of Temporal Investigations have their work cut out for them protecting the course of history from the dangers of time travel. But the galaxy is littered with artifacts that, in the wrong hands, could threaten reality. One of the DTI's most crucial jobs is to track down these objects and lock them safely away in the Federation's most secret and secure facility. When Agents Lucsly and Dulmur bring home an alien obelisk of incredible power, they are challenged by a 31st-century temporal agent who insists they surrender the mysterious artifact to her. But before they know it, the three agents are pulled into a corrupted future torn apart by a violent temporal war. While their DTI colleagues attempt to track them down, Lucsly and Dulmur must restore temporal peace by setting off on an epic journey through the ages, with the future of the galaxy hanging in the balance...

A completely unexpected delight!

By Malcolm

Christopher L. Bennett generally writes Trek stories that are long, complex, and full of scientific or philosophical musings. They're great, but not what you'd call light.

Quite unexpectedly, this one is breezy and hilarious and full of thrills and twists, generally gleeful at the possibilities of the universe in general, and ridiculously fun to read. It reads like an episode of Doctor Who, in all the best ways, and not just because of the time travel. There's a joy in this that's hard to quite explain, but it's definitely a constant-grin-from-ear-to-ear piece of work.

I hope we get lots more of these. This is the best eBook novelette in the Trek line so far, hands down.

An Enjoyable Anachronistic Romp

By Jim Grieme

Bennett has again created an enjoyable story which will induce OCD in the reader! Lucsly & Dulmur once again reprise their "Dragnet-esque" characters which brings a smile along with a fast moving, creative plot! Imaginative subplots weave a mesmerizing sine wave throughout the length of this book! Bennett adroitly manipulates familiar themes in a new mosaic, giving the reader a truly "out of time" experience! Fantastic work!

Another winner for the ST Department of Temporal Affairs series!

By Adrian

For a series that started with two boring characters in a one off episode in ST-DS9, this series has become a firm favourite with me. It easily exceeds ST-Titan, and many of the ST books written since ST went off the air, in entertainment, storyline and fluidity. Perhaps this is because of the author Mr Benett, Perhaps it's because it's not locked into too much "canon" tech and plotlines. Whatever the reason, I have found myself eagerly awaiting each new DTI book. And although only 119 pages long, this one did not disappoint.

It's hard to write a review that doesn't have spoilers. The story is a wild ride. It's a bit more "Doctor Who" in some ways. I better stop there, because I'll say too much otherwise, but it's a good ST book. Can't wait for the next one!
