Synopsis

Hip-hop, Miami heat, and the Latin Lov-ah.

The second half to this year-long journey has taken me to Magic City...Miami. I've been hired by the nation's top hip-hop artist, Anton Santiago. His name is as sexy as he is, and it rolls off the tongue the same way his muscled form rolls to his music. He goes by the name Latin Lov-ah, and boy does he work that title from his rock-hard body, Latin hip-hop fusion dance moves, to the way he beds his women.

He's raw, dirty, and one hundred percent player...and I want to wrap my naked body all over him and forget about everything.

Every word that comes out of his mouth is a siren's song.

Every thrust of his hips draws me closer.

Every breath against my neck sends me into a tailspin of need and desire.

After what happened in June, I need to rip the bandage off. Move on. Anton could be just the thing I need to get my groove back.

I was hired to play the part of a seductress in Anton's new music video, but, in the end, I'm the one being seduced.

In the seventh book of the Calendar Girl serial, Mia is sent to Miami, Florida. Still on her mission to save her father, she is hired to be in a hot new music video where her unique look and recent popularity will prove invaluable.

Each installment in the Calendar Girl Serial will release every month throughout 2015. The stories will feature Mia's journey as an escort to twelve clients in twelve different locations.

Warning: This book is designed for audiences 18+ due to language and graphic sexual content.

Miami Fun and Break Through for Mia

By Amazon Customer

Another enjoyable read of Mia's road to personal growth and love. Though I found some of the dialogue cheesy and sometimes over the top between Wes and Mia when they were in the middle of their passionate romps. It was still good to see that the two have hash things out and taken things to the next level. The new client Anton turned out to be a good guy even if he came off douche in the beginning. And Heather found a friend in Mia. Lot's of winners in this story but none came away without some bumps and bruises. But that's life. Looking forward to reading August and find out what this cowboy in Texas is all about.

Fun in the sun ...

By Toni Lewis

No matter where Mia goes there is always the same person never far in her thoughts.. Wes . With everything that happened to Mia being attacked and trying to figure things out she never wanted Wes to know because she felt like he would think of her as weak . Once Mia meet Anton and started working on the video she was hired to do .things got a little complicated, thinking she was past the attack every time Anton touched her she was back to the night Aaron attacked her .. Many things come out in this book and they just keep getting better

Hold on folks because July is Wicked Hot and Audrey Carlan is on FIRE!

By Jeananna with The Book Reading Gals

Audrey Carlan takes a real and up-close look at the affects of PTSD on a character that is so real and personal to me! My heart hurt for Mia and what she was going through while trying to fulfill a commitment for this months client! Once again we see what great things can be accomplished with a little help from your friends and loved ones.

Without giving too much away 2 players from the past (one from a past Calendar Girl and another surprise appearance from a different AC series) come forward in this book and (almost) steal the show!!

Hold on folks because July is Wicked Hot and Audrey Carlan is on FIRE!
