These twenty hymns for the beginning piano student are arranged in the easiest position, with both thumbs on middle C. There are some simple harmony and contrary motion, and the smallest rhythmic unit is an eighth note. As students progress through the book, the pieces start to use accidentals, which are written in as needed rather than in a key signature. Gradually, they are introduced to stretches and crossovers, key signatures up to three flats, and time signatures other than 4/4. Lyrics are included. Recommended for hymn playing by the Federation of Music Clubs.

My review - Mel Bay Hymns Made Easy for Piano Book 1

By hershey

I liked this book; however, the arrangements were too simple for my level. I think this book would be very good for a person who is just beginning to play.

definitely a beginners book

By Amazon Customer

When it says 'easy', it really is easy. Too easy even for me. Very definitely a Beginning Beginners book, but the hymns are nice.
