Fun and Silly Entertainment while Teaching

By lilacqueen75

I liked that this book starts at the beginning of the Book of Mormon and works through each book. The first page is an introduction that explains what the introduction of the Book of Mormon is and then it gives five things for the reader to find. The next scene takes us to the First Book of Nephi. A recap of the book is given and then a list of things to find is given. Each item is correlated with a scripture of where that item is found. For example: The tree of life--1 Nephi 8:10.

The pictures are fun and silly and there is a lot to take in and notice. At the very end of the book, a list of more items to seek and find for each scene is given. This is a fun book that will really help a child think about what is going on in the scriptures.

I received a copy in exchange for an honest review

This is a nice seek & find with Book of Mormon scenes and items found in the scriptures. I really liked the art work. some were funny, some were unique and even has the scriptures where the items were found. Even tells a little about what the scenes were.

This would be a good book for keeping kids quite while they look for the hidden objects.

I had fun looking for the items in the pictures.

thirty two pages of fun with looking for the scriptures.

Make a great gift for someone

So much fun!

The illustrations are adorable, funny and meaningful. I love that this book doesn't just have a Book of Mormon theme- it actually takes you through the Book of Mormon, explaining what is happening and letting you 'seek and find' objects and characters from the stories: King Benjamin preaching from his tower, Samuel the Lamanite on the wall etc. It's a great way for kids to learn the Book of Mormon- perfect baptism gift!
