Adorable Book.

By R . S

This is such a good book for bedtimes, while it has nothing to do with magic and fairies and what not. It is great to relax your child's mind and let them have dreams of the dinosaurs. While I do not agree with the fighting in it I understand what they are trying to do. So every night I let my 18month son pick which book I will read to him, 3 out of 10 times he picks this one. Let me add we have several books to choose from. I say it helps calm them down because there are not very many pictures in here to excite their brain, just your voice to calm them. I do love the illustrations I believe they are absolutely adorable.

~~From Hatching to Exploration~~~

By USN Chief, Ret..VT Town

This is an outstanding story about Spike and his "family". It covers the hatching from the egg, the exploration of the wilderness, a big escape and also depicts the life of a baby dinosaur!

I thought the story was really cute and a couple of things caught my attention. Spike is not impressed with his older brother, Charger. You see Charger is the eldest of the babies and he thinks he is in charge. Well, after a butting of heads and a winner is declared, they become best friends. And, despite the warnings of their mother not to go into the wilderness, they both go exploring. Guess you can imagine where this one is going, right?

An excellent story for the little ones in your life and the author suggests it is for ages 3 - 10 and P - 4.

Most highly recommended.
