Keeps our son entertained for hours

By D J Reviewer

This book didn't need any photos (and worries about copyright infringement kept me from taking any), but it is really great. My son absolutely loves the Angry Birds, and this keeps him enthralled and entertained for hours, day after day. Thankfully, we had it for an airplane trip, and it kept him occupied for a large part of the flight. He loves looking through each character summary and learning all about that character. It is a fun way for him to learn how to use a reference book, and we have no problem letting him enjoy himself in the process! Good buy!

Great book. It goes deep into most of the primary characters. Fun way to tell the story of the birds. The page about Terrance had my 5 year old laughing so hard, 1 week later he is still referencing it. LOVE IT!!!

Awesome read!

By nicole worden

This is an awesome book. It has all sorts of background information about all The characters and the town. This is the best book and I highly recommend it, my 6 year old loves it. I took away one star because the pages have such a great texture and are done so well but the binding is terrible and cuts off some words and started falling apart right away. It is a shame because I love it and it isn't going to last too long
