We recommend this soft file of the book here. To know how you can obtain this book [The Phoenix Apostles \(A Seneca Hunt Mystery\) By Lynn Sholes, Joe Moore](#), learn more here.

THE PHOENIX APOSTLES (A SENECA HUNT MYSTERY) BY LYNN SHOLES, JOE MOORE PDF

Magazine journalist Seneca Hunt is reporting on the opening of Montezuma's tomb in Mexico City when the dig team learns that the remains of the Aztec emperor are missing. Within moments of the discovery, an apparent terrorist attack kills everyone at the site except Seneca, who barely escapes the carnage.

Determined to get answers, Seneca starts investigating. She finds out that someone is stealing the remains of the most infamous mass murderers in history-and plotting to slaughter millions in the name of an ancient cult. Seneca needs to prove the threat really exists while trying to stay one step ahead of those who want her dead. With time running out, she must follow a deadly 2,000-year-old trail that leads back to the death of Jesus Christ.

Praise:

“Bold, taut, and masterfully told.”?James Rollins, New York Times bestselling author of *The Doomsday Key*

“What do you get when you cross Indiana Jones with *The Da Vinci Code*? *The Phoenix Apostles*, a rollicking thrill ride with so many twists and turns that you won't have time to catch your breath!”?Tess Gerritsen, New York Times bestselling author of *Ice Cold*

“Sholes and Moore have created a knockout apocalyptic thriller, an epic tale of gold, archaeology, mass murder, ancient prophecy and terrorism.”?Douglas Preston, New York Times bestselling author of *Impact*

“A fascinating, compelling page-turner.”?Carla Neggers, New York Times bestselling author of *Cold Dawn*

5-Stars

By Turtleman

I don't usually review books, but felt compelled to say something about this one because I have never read anything like it. The Phoenix Apostles is a combination of a conventional thriller with new age, cutting edge science, and fascinating historical elements. Even now that I have finished the book, I can't help but think about it and some of the scenes that replay in my head. The graphic parts are not gratuitous, but in my opinion, masterfully crafted with reality. I appreciated that kind of honesty in this book----there is no romanticizing of death and tragedy or glossing over it. The story in itself is an incredible ride. I'd get to the end of one chapter and instead of closing the book, I had to read "just one more." It was like that from the first page on. I hope that Sholes and Moore will give us more of Seneca Hunt.

INCREDIBLE READ!!!!

By J. Oliver

Sholes and Moore just keep getting better and better. I've read all their Cotten Stone series and was expecting the new series to probably be a disappointment. I was even thinking that maybe they were just going to recycle Cotten Stone. When I began reading *The Phoenix Apostles* I thought my prediction had been right. But no way. The new main character, Seneca Hunt, had some of Cotten's attributes, but as I kept reading she came into her own and deserves her own series. Sholes and Moore have put together an almost unimaginable plot. Wow, is all I can say. I'll read anything these two authors write. I have to be careful not to put a spoiler in this review, but there is one scene that knocked me off the sofa. I don't often squeal during a movie scene when the bad guy comes out from around the dark corner, but there was a scene in this book that made me jump and I almost flung the book across the room. I won't tell which one it was because I don't want to ruin it for any other reader. When the authors teamed up a magazine journalist and a best-selling author to search for who was responsible for stealing the remains of history's biggest mass murders, I was hooked. And the way they started the book was amazing. Never saw it coming! I have to give this one a 5 star!

Sholes and Moore introduce a new heroine

By Debra Hamel

The authors of the Cotten Stone series of religious thrillers introduce a new heroine in *The Phoenix Apostles*. Seneca Hunt is a reporter covering an archaeological dig in Mexico City, the examination by remote camera of the recently discovered tomb of Montezuma II, when her life is upended by an explosion. But what looks initially like a terrorist act turns out to be far more complicated. There's a would-be messiah out to save the world by unsavory means, and he's rounding up apostles to give him a hand--the canonical twelve, but he's not simply calling them from their fishing boats to come join him. This messiah uses cutting-edge technology to form his posse. The fate of the world is very much at stake. Mix in a love interest, some black ops intrigue, an ailing mother, daddy issues, and a hint of *The Boys from Brazil*, and you've got a really fun page turner. The dialogue can be a little stilted, but otherwise I really liked the book, and I'd like to see more of Seneca in future titles.

-- Debra Hamel
